“

Future through educational excellence.

Learn about BISA Open Doors Events from bis.am, and our Facebook and Instagram Pages. We will be happy to host you in our school, and address all your questions and queries you might have about education at BISA and the opportunities it provides.

IA-level (International Advanced Level) is a 3-year program for high school students, during which they pursue 3 subjects of further academic studies in depth. Students who hold International Advanced Level diploma are not only more competitive applicants when later applying to tertiary educational institutions upon school graduation., but also often exempt from multiple entrance exams.
